Rate Definitions*:

Outcomes Rate- This is the number of graduates who have landed in any of the employment categories plus service and military plus continuing education divided by the number of students for whom an outcome is known.

Response Rate- This is the percentage of graduates that have self-reported responses to the First Destination Survey. It includes the sum of all the employment categories plus service and military plus continuing education plus the number of students still seeking an outcome or not seeking an outcome. It excludes those students for whom no information is available.

Knowledge Rate- This is the percentage of graduates for whom an outcome is known. It includes the sum of all the employment categories plus service and military plus continuing education plus the number of students still seeking an outcome or not seeking an outcome. It excludes those students for whom no information is available.

*as defined by NACE in their annual First Destinations Reports
